

ELD MALFUNCTION MANUAL

TT ELD is approved and officially registered by the FMCSA

All versions of TT ELD can be found by visiting the government site: <http://www.csa.fmcsa.dot.gov/ELD/List> and enter keywords "TT ELD"

1. Delete all other ELD applications from tablet
2. Turn the engine off and reconnect the device
3. The ELD indicator should be blinking
4. If the ELD is not found, restart the tablet's Bluetooth and reconnect the ELD, then try again to connect

IF YOUR TABLET SCREEN DOES NOT LOCK WHILE DRIVING

Stop the vehicle

Reconnect the ELD

Failing to stop the vehicle and assure proper functioning of the ELD device and application will constitute a DOT violation

For any question, please send an email to info@tteld.com
FMCSA required: keep this card in your vehicle at all times
